

June 2011, Volume 1 Issue I

They say, " We don't get Paid until we get your Information " Hey everyone. My name is Ivan. I contacted Kinsolving on April 27th and by April 29th , they said they were making great progress in my search. I said to myself, " Yeah right, Thats Impossible, Two days? " Give me a break, they just want me to believe their working on my case. " Well, on May 9th they said they had my information completed. And I almost had a heart attack at work.

I had another company I paid up front 395.00 bucks , Like 8mths ago, and I am still waiting on them. Then I paid another 280 bucks for petition advice. But I won't say their names unless Chris wants me too....lol. But Kinsolving has done it in 8 business days. So you do the math, 8months or 11 days? What the Heck? That is so amazing.....Bless you guys hearts. I took that information and ran with it....literaly. I couldn't get a hold of my Birthmother, so I checked out my Birth Fathers Name on Facebook provided by Chris, and for the first time in my life, I saw a man that looked just like me. I checked him out , And I spoke with My dad for the first time of my life.....OMG.....Amazing. I didn't prepare for the words I would say, so I just kept it simple and He said he always wondered how I was doing. I sent a beautiful letter with a few pictures to the last current addresses of my Birth mother and sister, and also left a messege on a email provided from Kinsolving. Kinsolving not only provided the numbers and Addresses, but also their face book and email accounts. Just amazing. So about a week later I received a txt message from my mom, stating that my sister received the letter from me at her house. The rest is history.

The Information that Kinsolving provided for me, is Priceless. The government has been hiding all these identifying facts from every hard working adoptee American Citizens for years. For 25 years all I wanted to know was my history. Its fairly easy to say , " Hey, just look at you, you're a Black Man, So you must come from Africa." But thanks to Kinsolving, I have found out my Great grandmother was 100% Native American.

If you have been waiting for a company to find that Unknown , then call Kinsolving. I am not s salesman. I only provided them with my birth last name and I gave them the wrong birth date of my mother, and they still found her. I did the search on my Birth Mother, but when it was completed, I had found my Dad, Sister, Uncle, and mother. What sets the difference from them and other Search Companies, is that they say, " We don't get Paid until we get your Information ".... Genius. I said to myself what do I have to lose.Thank you Kinsolving for everything.

Your life Friend,
Ivan

Still so thankful that I "bit the bullet" and turned to Kinsolving for my search. As so many people have done, attempted search on my own was not very fruitful. Within two days, Kinsolving provided me with a wealth of information. Pictures of my biological mother who, unfortunately, passed away. The man she was married to was not my father. When I contacted him (at his home) he could not resist me as I look so much like my biological mother. He shared with me more pictures of my mother and more information of why they did not keep me. He is very warm to me and told me there was no doubt when he saw me and talked to me that I was who I said I was.
